Brush cleaner

PRODUCT DESCRIPTION

Highly effective paint remover and softener for brush care. Ideal for painters', artists' and varnishers' tools. Environmentally friendly and biodegradable. Universally applicable, made from renewable raw materials, for the professional removal of fresh or dried-on paint residues from painters', varnishers' and artists' tools. Excellent cleaning and dissolving properties. With integrated brush care for supple tools. Particularly gentle on natural hair and China bristle brushes.

SCOPE OF APPLICATION	Effortlessly removes even the most stubborn dirt, such as water-based or solvent-based paints, varnishes, oils, waxes, greases, soot, tar and bitumen. Cleans caked-on paint from brush bristles.
PROCESSING	Shake well before use. Immerse fresh, paint-stained tools in the brush cleaner, work them through thoroughly (tap the tools firmly against the bottom of the container several times) and then rinse them out with water until the water runs clear. Soak heavily dried-on, soiled tools overnight in Le Tonkinois brush cleaner, work them through thoroughly and rinse with water. Excellent for storing tools in an open container, as the brush cleaner hardly evaporates at all. Extremely economical; discolouration of the brush cleaner caused by paint or varnish residues does not impair its dissolving properties.
USAGE	Depending on the level of soiling and the size of the tool.
INGREDIENTS	Aqua, Cocoamidopropyl Betaine, Citrus Sinensis Oil, Fatty Acid Ethoxylate, Methyl Hydroxyethylcellulose.
STORAGE	Keep tightly closed and out of the reach of children. Store in a cool place, but away from frost.
SHELF LIFE	Unopened: Has a virtually indefinite shelf life.
DISPOSAL	Do not dispose of any paint or solvent residues into the sewage system or onto the ground, or allow them to enter these systems during application! Fully dried residues of this product may be disposed of as household or general waste; empty tins (tinplate) should be placed in the relevant local recycling bins or yellow bags/bins (Green Dot). Waste code: EAK No. 080112

SAFETY INSTRUCTIONS	Please refer to the relevant safety data sheet for safety-related information. Keep out of reach of children. Contains Citrus sinensis. May cause allergic reactions.
